ahead of time

to pursue our goals at the best:
  Quality
  Customer satisfaction
  Environment friendly
  Health & safety at work
ahead of time

to design, develop and manufacture units that are:

Reliable
Safe
Energy efficient
Easy to use
ahead of time

to imagine the future
Share capital: **Euro 3,000,000.00**
Production area: **9,000 square meters** (covered)
Number of employees: **138**
2010-2015 turnover (Million Euros)
2015 turnover percentage per product line

- VOLTAGE STABILISERS: 61%
- PFC: 26%
- MAGNETIC PARTS: 13%
2015 turnover percentage per geographic area

- **ITALY** 31%
- **EUROPE** 21%
- **AFRICA** 17%
- **RUSIA** 5%
- **MIDDLE EAST** 13%
- **AMERICA** 6%
- **ASIA** 7%
Implementing a quality managing system ISO 9001 approved has enabled ORTEA SpA to ensure consistent, repeatable and reliable quality levels as well as identification and traceability of each product.

The integration of the Managing System with the ISO 14001 and OHSAS 18001 approvals was a natural evolutionary step aimed at optimizing business performance and announcing ORTEA SpA commitment towards environmental and health & safety issues.
Continuous investment in research and development has enabled ORTEA SpA to reach a high degrees of competitiveness and advanced technology.
Close cooperation between design, production and marketing departments allows the company to meet the needs of an increasingly wider customer list.
In addition to the standard production, ORTEA SpA is able to develop and manufacture customized equipment based on Customer’s specifications with the utmost flexibility.
The **experience** gained over many years of **technological development** and the use of **state of the art** IT tools allow engineers to elaborate and verify quickly and **cost-effectively** electrical and mechanical designs for each **customized product**.
ORTEA SpA after sales service is able to intervene quickly by analyzing issues and providing know-how and spare parts to solve any queries.
Several training session for Customers and Partners are organised yearly at ORTEA SpA Headquarters.
ORTEA SpA is well positioned in the **global market**. Thanks to **subsidiaries** and **distributors** strategically located and **efficient business relationship**, the produced units are installed and operative in a large number of countries.
