Multilayer oak floor boards 16/4.4 mm

Dimensions

Thickness	16 mm
Width	210, 240, 260, 300 mm
Length	2200, 2700, 600-2200 mm

Surface 4S microbevels, light structured

Surface coating Hardwax oil/oxidative oil

Moisture content 8%±1%

Construction

Toplayer 1 strip solid oak 4.4±0.2 mm

Bottom layer Birch plywood 11 mm, fragmented

Water resistant joint glued with thermoreactive hotmelt polyurethane glue. Formaldehyde emission less than 0,01 ppm - „NAF“ („no added formaldehyd“). Thermal conductivity $\lambda = 0,17$ W/mK. Thermal resistance $R\lambda = 0,0941$ Km/W. Suitable for different type of floors including heated floors
