... A STRONG PARTNER

The BigBoy orbital sander is especially suitable for the sanding of large surfaces. Its innovative suction system together with the **useit®**-abrasives gives you fast, cost-saving and dust-free sanding - and the full processing spectrum is possible, from coarse sanding to polishing.

We offer a large range of innovative abrasives for the sanding of many different materials, such as solid surfaces, wood, lacquer, stainless steel and NF-metals.

Thanks to the newly-developed and patented Abranopp®-pads, structured floors can also be effortlessly cleaned and sanded.
