Reading and understanding instruction for use are required to use this product!

2 years guarantee!

- the shell is made of durable ABS plastic and protects the head from sharp objects penetration
- anatomically formed foam lining absorbs the impact energy by its deformation and also makes the fit more comfortable
- eight vent holes with the protective grille ensure great ventilation of the helmet.
- sizing system consists of sizing wheel, which adjusts the helmet to appropriate head perimeter, and three buckles, which can adjust the length and position of the chin strap
- during the transport, sizing wheel may be hidden into the helmet
- four head lamp holders are compatible with any headlamp from the market
- inner padding may be washed separately
- reflective stickers makes the user more visible at night
- compatible with all Peltor ear defenders with P3A screw attachment
