

LABORATORY FILTRATION

INDUSTRIALfiltro is a company present in the markets from more than 40 years manufacture a wide range of filter products for laboratory. All the raw materials used on our manufacturing are tested to offer only high grade qualities.

- Cellulose Filter Papers
 - Qualitative Cellulose Filter Papers
 - Quantitative Cellulose Filter Papers
 - Filter Papers for Technical Use (Smooth/Creped)
- Glass Microfiber Filters
 - Glass Microfiber Filters Without Binder
 - Glass Microfiber Filters With Binder
- Quartz Filters
- Membrane Filters
 - Nylon (NY) Membrane Filters
 - Hydrophobic PTFE Membrane Filters
 - Hydrophilic PTFE Membrane Filters
 - Polyethersulfone (PES) Membrane Filters
 - Polyvinylidene Difluor. (PVDF) Membrane Filters
 - Cellulose Acetate (CA) Membrane Filters
 - Cellulose Nitrate (CN) Membrane Filters
 - Mixed Cellulose Esters (MCE) Membrane Filters
- Extraction Thimbles
 - Cellulose Extraction Thimbles
 - Glass Extraction Thimbles
- Filter Cards for Cytospin
- Blotting Papers
